Your contribution will allow our athletes to focus on maintaining international athletic success. Because of their intense training and travel schedules, most athletes cannot have jobs, and often depend on the financial support of their families to make ends meet. This program will help subsidize some of the costs that go into making a top-notch athlete. When the athletes slide on to the podium you will have the satisfaction of knowing that you were a crucial part of their journey.

Bobsleigh CANADA Skeleton invites you to invest in our athletes through the Adopt-a-Slider program. Your contribution will go directly to helping the sliding teams of your choice pursue their dreams of gold. This could be a unique opportunity for you to get to know and feel connected to a specific athlete whose athletic career you can follow.
